

Child Guardianship Checklist

TOP 10 THINGS TO CONSIDER

Child Guardianship Checklist

Your wishes for where your children should live.

How would you like to educate your children? (which school, level of education, etc.)

Other than your nominated guardian, do you want anyone else (such as other family members or close friends) involved in raising your children? How would they be involved and to what degree?

Would you like to recommend any extra-curricular activities or hobbies? (sports, music, additional tuitions and coaching, etc.)

Do you have any family traditions or values you would like your nominated guardians to continue for your children?

Consider if you would like your children to be able to travel by themselves and at what age, as well as any places you wish your children to travel to?

Are there any health related matters that your children's guardian should be aware of? (insurance, immunisation, existing conditions, screening etc.)

Do you have advice on part-time employment? (when to encourage, what type, etc.)

Consider any standards of living you would like for your children, such as access to pocket money.

Your preferences on when your children can start living separately and what support you'd like to give them to do so.
